

## FROM CLINICAL TRIAL DESIGN TO DATA EVALUATION

## PARTNER AND SHAREHOLDER OF HCTC

### Hannover Clinical Trial Center (HCTC) GmbH

- ▶ Provides the full range of services that complies with world wide regulatory and quality standards
- ▶ Benchmarks quality standards of good clinical practice
- ▶ Combines the clinical expertise and academic leadership of a premier German teaching hospital with the operational capabilities of a contract research organisation
- ▶ Provides every service needed for successful research including project management, data management, site management and clinical monitoring, biostatistics and safety surveillance
- ▶ Develops tailored research plans that meet the needs of our clients from pharmaceutical industry, medical device makers and biotech companies
- ▶ Links directly with the bedside and ensures that projects are designed in the context of current therapies and practice settings
- ▶ Ensures independent interpretation of results by leading experts in the field

## DIRECT INTEGRATION INTO ACADEMIC CLINICAL RESEARCH

### Hannover Medical School, the Major Partner

- ▶ One of the leading academic medical institutions in Germany
- ▶ The 1,400-bed hospital houses comprehensive diagnostic and therapeutic facilities including a regional emergency/trauma centre
- ▶ Per year: 45,000 inpatients, 150,000 outpatients

### Academic Teaching Hospitals

14,000 beds, > 240,000 inpatients

### Community Hospitals (Metropolitan Area Hannover)

### General Practitioner Network

### cro münchen GmbH Clinical Research

- ▶ Founded 1990 in München;  
CEO: Jürgen Schäfer
- ▶ Clinical studies phase II – IV
- ▶ High-quality monitoring of clinical studies as a service to the research-based pharmaceutical industry (very low query rate)
- ▶ Member of the BVMA (Association of Medical Contract Research Institutes)
- ▶ As a BVMA member cro münchen is regularly subject to external standardized quality audits. 19 clinical CROs are members of the BVMA and regularly prove their compliance with that organization's quality requirements
